

**TECHNICAL DATA SHEET – MATT CHEM MARINE RANGE**

Product : M.4605

Date : 29 September 2008

**M.4605  
CONCENTRATED CLEANER  
FOR HULL AND DECK**

**M. 4605** is a cleaner especially formulated to ensure a complete cleaning of the boat.

Its grease-removing function and hydrosolubility of the greasy deposits make it possible to clean perfectly the gelcoat without any risk of deterioration.

**M. 4605** forms a compact foam, which clings perfectly on the vertical surfaces of hull.

**M.4605** is manufactured from ingredients chosen for their biodegradability and their compatibility with the environment.

**Instructions of use :**

Must be diluted before use : 4/5 cups for 5 litres of water. Apply the solution with a brush or a sponge. Scrub. Rinse.

**IMPORTANT :** Keep out of reach of children. R36/38; Irritant for eyes and skin. S.37. Wear protective gloves. In the event of contact with eyes, rinse immediately and abundantly with clear water at least 15 minutes. If irritations persist, consult a doctor. Always make beforehand, a test with the surface to be treated to determine the compatibility and the time of contact suited. Components contain less than 5% or more but less than 15% of anionic surface active agents and 15% or more but less than 5% EDTA.

Elaborated in laboratory and workshop certified ISO 9001 and ISO 14001 Environment
